CLIMATE JAM

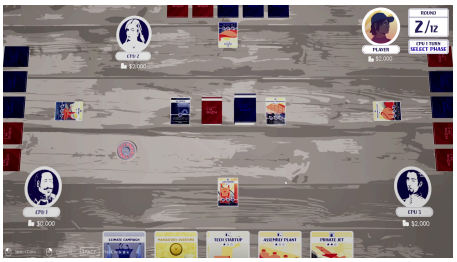

Climate Jam 2024 Awards

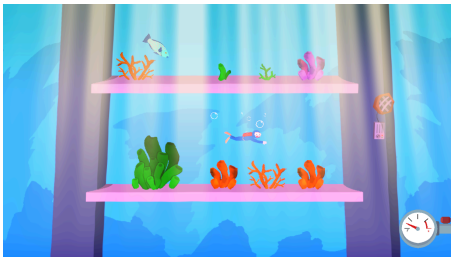

Top Overall: At Least I'm Rich

by Curious Goat

The game where only one thing matters, and it's not the environment!

https://emanona.itch.io/at-least-im-rich

Judges Choice: Coral Song

by Team Coral

A casual coral reef growing simulator set on a site of previous ecological harm.

https://zivankira.itch.io/coral-song

Jammers Choice: Skyglow

by Team Orion

A side-scrolling platformer where players must reduce light pollution by returning stars to the sky.

https://mrciac.itch.io/skyglow

Changed the Story: Behind the Hydra's Eyes

by House on the Bailey

Explore the tangled web of renewable energy, dispossession, and greenwashing through the lens of a British middle-manager.

https://adamdjames.itch.io/behind-the-hydras-eyes

Climate Jam 2024 Awards

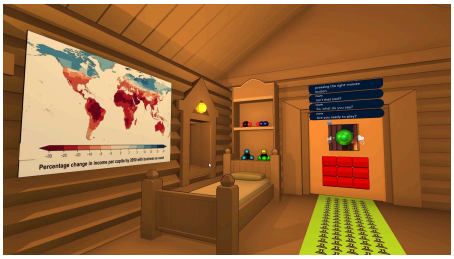

Ready for Release: Carbon Clicker

by Team Yuzu

An incremental clicker game that gives players a challenge: “What can YOU do to lower the world’s carbon footprint?”

https://derekmiranda.itch.io/carbon-clicker

Wishlisted: Nine Shifts

by The Grubbery

Use your voice to escape a log cabin fire simulation by testing knowledge of Climate Change facts.

https://tikilittle.itch.io/nine-shifts

Top Gameplay and Aesthetics: Restoring Harmony

by Team 1-S

Use cards to reverse the harms of deforestation and restore harmony to the environment.

https://me-gan.itch.io/restoring-harmony

Honorable Mentions

Climate Hero by Team B-3
Play the role of an ambitious climate activist.
https://krafter.itch.io/climate-hero

A Drop In The Ocean by Hydrophile Games
